

For the past many years we publish a memorable, colorful souvenir to commemorate our occasion. This year will be no different. Copies of the souvenir will be distributed to all our corporate, personal sponsors, participants, government agency members and guests. As you know, an event like this requires resources and financial support. We are therefore seeking your generous support and active participation. As a supporter, you will be counted among the various successful businesses and afforded national exposure. Most importantly, you are saying you care about the Indian community.
